

BECOME A DISTRIBUTOR FOR INDUSTRY LEADING ABRASIVE BLASTING EQUIPMENT

ECLIPSE
surface technologies

Built for performance.
Designed for flexibility & profitability.

A Better Approach to Surface Prep

Eclipse Surface Technologies manufactures high-performance abrasive blasting equipment designed to deliver consistent results, reduce downtime, and improve jobsite efficiency. From patented control systems to rugged, contractor-ready builds, every system is engineered with real-world applications in mind.

Who Uses Eclipse Equipment?

Abrasive Blasting Contractors

Industrial Maintenance Teams

Concrete & Restoration Specialists

Marine & Coatings Professionals

Historic Preservation Firms

Why is Eclipse Equipment Different?

Simple, patented easy to use controls even for rookies. Easy to use, easy to maintain.

Wet abrasive blasting reduces dust by up to 92%

Increased efficiency vs. traditional dry blast systems

Full equipment range from dedicated wet abrasive blasters to flexible wet/dry combo units

Rugged steel construction designed for daily use
